**Marine-Grade
Aluminium Floodlight**

SABS
ISO 9001

Built for **Demanding Installations.**

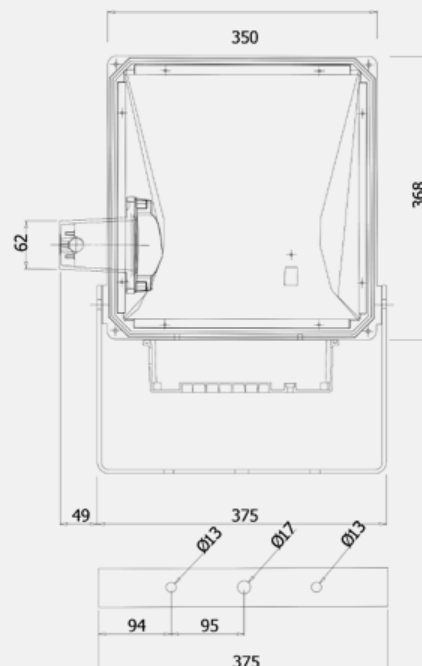

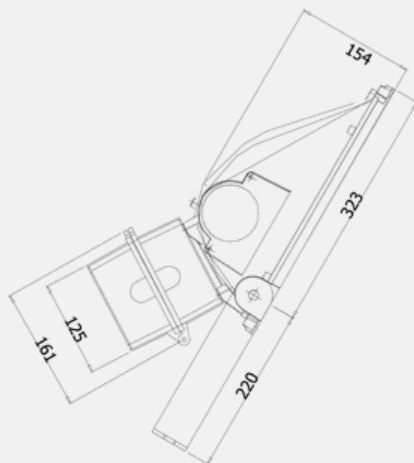

The HP10 HPDC is a heavy-duty HID floodlight engineered for industrial, outdoor, security, sports and construction applications where robust construction and dependable optical performance are essential. Its high-pressure die-cast marine-grade aluminium housing, toughened glass protector and stainless steel exterior fasteners provide a durable platform for demanding operating environments.

Available from 150W to 400W across multiple HID lamp technologies, the HP10 HPDC uses a high-purity anodised aluminium reflector system to provide controlled light distribution, with wide and narrow beam configurations available to suit different applications. A heavy-duty hot-dip galvanised stirrup bracket with protractor scale enables secure installation and accurate on-site aiming.

Fit-For-Purpose:

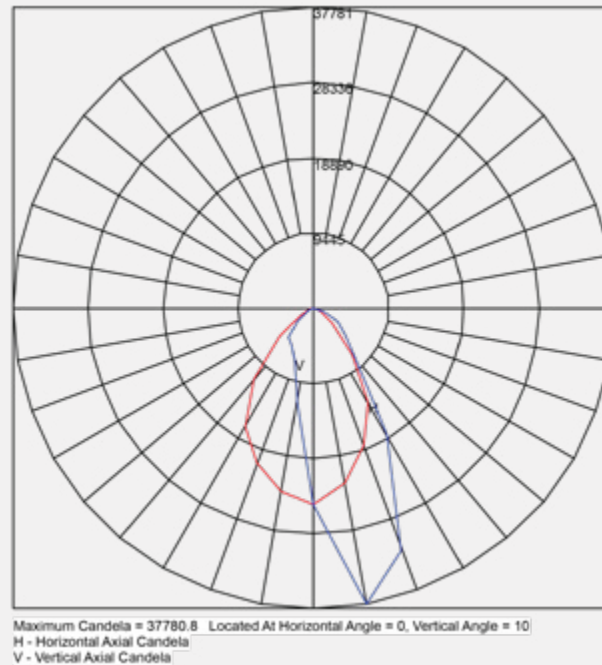

- Industrial lighting
- Outdoor lighting
- Security lighting
- Sports field lighting
- High-mast lighting
- Construction sites
- High-vibration areas
- Large-area lighting
